In the Office Action dated February 17, 2005, the Examiner rejected claims 66-70, 74, 78, 80, 84-88, 93, 97-101, 105-132, 139-145, and 147-150. Applicants herein have amended claim 117 to correct its dependency and have amended claims 143-145 to correctly reflect the composition of the control cells, as suggested by the Examiner. The specification has been amended to clarify the priority claim and to insert the patent number of the parent application. No new matter has been added. Accordingly, claims 66-70, 74, 78, 80, 84-88, 93, 97-101, 105-132, 139-145, and 147-150 are pending.

In light of the amendments and remarks herein, Applicants respectfully request withdrawal of the rejections and allowance of all pending claims.

Objections

The Examiner objected to claim 117 as it appeared that it should depend from claim 116 rather than 106. Applicants have amended claim 117 to depend from claim 116. Applicants respectfully request withdrawal of the objection.
